

Maven Pizza Challenge

There is notable mismatch in the number of orders and revenue between August and November.

Less orders in November gave more revenue.

This is because although There are less orders in November, each order has higher quantity.

The busiest times of the day seem to be during the lunch hours(12-13h00) , around evening hours, probably after work(17h00-18h00) and round 19h00 and 21h00 during weekends.

More staff could be deployed to work in these times for efficiency
